## The new refreshed and ready for what's next.

Here it is: when everything we've been building finally comes together, in full, for the first time. A clean, color-forward identity. A clear voice. And an experience designed to make your work easier and customers happier.

This rebrand marks a shift. It celebrates craft and customization, sharpens our standards, and gives us better tools to support the spaces you care for.

Along with our rebrand comes an entirely new website, offering features customers have asked for over and over: intuitive search, smart product filtering, shareable project boards, and faster checkout. We're really proud of it and eager to hear your feedback.

Last but not least, consider one of our 2026 launches for your next project: the Westfield Collection. These modern silhouettes span 11 sizes, from tabletop to extra-large, and are meant to grow with your projects. We're also offering them in a vibrant, limited-run color palette inspired by our new brand. We're energized for what's ahead and honored to be part of your work. Let's talk about how we can make 2026 your best year yet.

Preserved Interiors has been my premier designer container company since 2020. Their yearly catalogue is beautifully presented with such fine examples of plants and pots working together in an artful manner. This provides my customer with the vision they need to make their selections.

Lanette B. Bowman  
 Owner, Plant Doctor

### Exceptional Quality

Our planters are made to the highest standards with materials built to last.

### Dedicated Sales Support

Our team understands your unique needs to help you source the perfect containers.

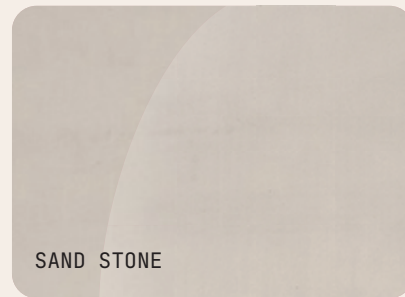

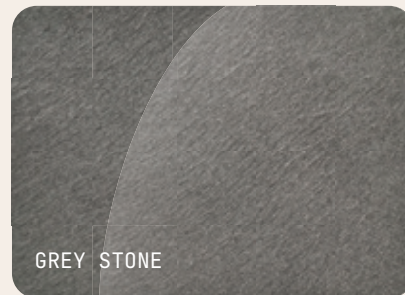

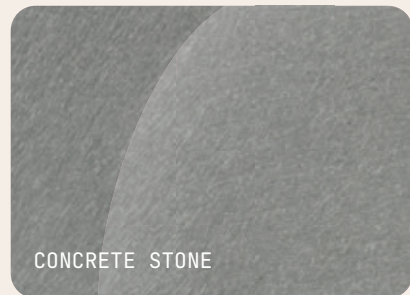

### Competitive Pricing

In-stock inventory allows us to offer the best products at industry-best wholesale pricing.

## Premium Finishes

for fiberglass planters

“

I've worked with Preserved Interiors for over 12 years. They are professional, dependable, and helpful! My orders always ship on time and in perfect condition. In these hurried, stressful times, it's a great comfort knowing I can trust and depend on the entire staff to send me what I need and when they promised. I wish everyone were as dependable!"

Marcy Beck, Colorscares

## Dot Series

10-YEAR WARRANTY

☀ Outdoor Use

🏠 Indoor Use

🌊 TruDrop system – innovative self-watering technology

Dot in Cloud White

**TruDrop** self-watering planters reduce maintenance efforts by letting you go weeks without watering. An easy-to-read water level indicator eliminates guesswork while a large water reservoir lets your roots take the water they need for optimal plant health.
